It's as easy as…
1 - Write in which items you would like to receive as gifts and how many of each.
2 - Prioritize the items with "1" being the item you want most, etc…
3 - Decide if you want to add to your initial set. For example, you want to start out with 6 dinner plates then move on to the other items. (But if all of the items are purchased, you'd like to have 4 more dinner plates, 4 more salad plates, etc…List these items separately at the bottom of your list and write "more" first in the description line.)

I will construct a Wish List of your desired items in priority order with a column for "# Wanted" and "# Ordered so Far". Family and Friends can order pieces to match their budget by mail, e-mail or phone. For a big event, like a wedding, I will custom make the entire set and fire it all at once for the best color match. Understand that family and friends ordering from this registry won't have gifts to bring to the event. The entire order and a list of gift givers will be shipped to you when completed. Happy Shopping!
