Wish List

It's as easy as...

- 1 - Write in which items you would like to receive as gifts and how many of each.
- 2 - Prioritize the items with "1" being the item you want most, etc... It can get a little messy here, things will be way out of order and you may have a few scribbles—don't worry! I'm going to make it all pretty.
- 3 - Decide if you want to add to your initial set. For example, you want to start out with 6 dinner plates then move on to the other items. (But if all of the items are purchased, you'd like to have 4 more dinner plates, 4 more salad plates, etc...List these items separately at the bottom of your list and write "more" first in the description line.)

I will construct a Wish List of your desired items in priority order with a column for "# Wanted" and "# Ordered so Far". Family and Friends can order pieces to match their budget by mail, e-mail or phone. Understand that someone ordering from this registry may not have gifts to bring to the event, depending on their order time and my production schedule. Happy Shopping!
